Player, Club Transfer Form 2025

National Player Transfer & Loan Player Policy - Club Transfers, Intra-regionally & Inter-Regionally

Any registered baseball player throughout NZ transferring clubs, either intra-regionally (within the same region) or inter-regionally (outside of the current region) MUST complete a 'Club Transfer Form' before they can be officially approved to move between clubs and represent their 'new' baseball club.

All Club Transfer Forms MUST be submitted to Baseball NZ before 20th November 2025 (for this season only) by emailing the form to info@baseballnewzealand.co.nz.

End of Season Club Transfer:

If a player no longer wishes to play for their current Club, they (or their parent/guardian) may allow their registration to lapse at the end of the season and may choose to register with another club for the next season.

Before being able to play any organised and/or official baseball games for their new club, the player must complete the formal 'Player Transfer Process' to undertake an official transfer of clubs.

Player, Club transfer window 1st June – 1st October annually.

In-Season Club Transfer:

If a player (or their parent/guardian) wishes to change clubs (transfer) during a baseball season, the player must either:

- Be moving their residential address out of their current clubs' regional boundaries,
- Have extenuating circumstances as to why they cannot complete the current baseball season with their current club.

If a player fits the above situations, that player must complete a 'Player, Club Transfer Form' with Baseball NZ. Baseball NZ will consider this request to transfer based on the situation and evidence provided for extenuating circumstances and either approve or decline the in-season club transfer.

CLUB TRANSFER INFORMATION:

Player Details:

Full Name (as registered):	
Date of Birth (DOB):	
Sporty Registration Number:	
Address (home):	

I am seeking a club transfer, (tick which applies below):
